COUNTRY China  SUBJECT Chinase Communist Medical Activities, Amoy and Namping  DATE OF INFO.  PLACE ACQUIRED  ACQUIRED  The amony Municipal Public Health Bureau has organized "support-the-front medical service teams," which are local medical service organizations composed of local physicians and nurses. Each team consists of 10 physicians, 30 nurses, 2 or 3 x-ray technicians, and 50 to 60 stretcher bearers. Although these teams were given two weeks of political training soon after they were organized to facilitate rapid mobilization in an emergency when medical assistance might be needed for wounded members of the armed forces. Although they are purely local in nature, their formation is a step toward establishing some over-all organization. All the physicians and nurses are still working at their regular places of employment.  2. Up to the end of June 1952 there was no indication that the concentration of medical personnel or equipment had been increased in Amoy.  3. The Amoy Public Health Bureau has organized a volunteer blood donation team although no blood bank has yet been formed. This team has registered about 70 volteer blood donors and tested them for their blood types.	COUNTRY	INFORMATION REPOR
